PLAN ORDER TO MOBILIZE MANPOWER

Woman Assistant Defense Secretary Says Presidential Directive Is Being Prepared

NO DETAILS REVEALED

Washington, Jan. 11—(AP)—Mrs. Anna M. Rosenberg said today President Truman plans to issue a new "national manpower mobilization policy" within the next few days.

The woman assistant secretary of defense said the presidential directive would ask industry, agriculture, military and civilian groups to conserve available manpower.

Mrs. Rosenberg, who was brought to the defense department as a manpower expert, mentioned the prospective new order at a senate hearing in response to a question from Senator Stennis (D-Miss) as to plans for draft deferment of young men engaged in farm work.

Stennis wanted to know whether sufficient young farm workers would be deferred to produce the increased food and farm crops that will be needed for the expanding mobilization program.

Mrs. Rosenberg did not elaborate to the senators on her statement and would give no details to reporters who questioned her later.

She said that in general the order will require that "we do our job and do it right."

She said that would involve each group viewing its own manpower needs against the overall needs of others.

Mrs. Rosenberg was before a senate armed services subcommittee for further discussion of administration proposals to draft 18-year-olds into the armed services and set up a universal military training program. She and Secretary of Defense Marshall disclosed the plan to the committee yesterday.

The defense department officials said then that a bill containing the new program would reach congress next week. They added that it was backed by President Truman.

Congressional reaction to the program varied, with some senators in both parties suggesting a draft age minimum of 18 years and six months. The present draft act limits actual inductions to the 19 through 25 year age bracket although young men must register when 18.

Pittsburgh, Jan. 11—(AP)—Testimony by Burgess David Hershman of McKees Rocks before a special racket-probing grand jury has ended the jury's study of conditions in McKees Rocks. A deputy attorney general said the jury will begin work immediately on a presentment. The jurors recessed until some time next week when they probably will focus their attention on conditions in nearby Homestead.

Specialists Decide Georgia Child Is Not In Real Danger Of Losing Sight

Rochester, Minn., Jan. 11—(AP)—Four year old Carolyn Purcell isn't going to lose her eyes, and cancer, believed threatening her life, doesn't even exist in her case.

That was the joyous report given by Mayo clinic specialists yesterday to Carolyn's mother, Mrs. Frank Purcell of Alpharetta, Ga., after eight hours of examination at the medical center.

The happy mother and daughter were to leave Rochester by airliner today for Chicago where they will board another plane for Atlanta, arriving there tonight.

Mrs. Purcell brought Carolyn here by plane late Tuesday with a grim choice tormenting her mind. She had been told by doctors in Atlanta that Carolyn must either undergo surgery to have her eyes removed or die of cancer.

The 33 year old mother and her husband, an unemployed stonemason, refused to consent to the operation. Days of anguish followed. Examination at the Mayo Clinic was suggested, but the Purcells had little money.

The Shriners in Atlanta stepped in and supplied money for a plane trip. Early Wednesday morning Carolyn and her mother reported at the clinic. Mrs. Purcell followed the little girl step by step through eight hours of examination. When it was all over, clinic doctors said there was no evidence of cancer.

They said there was an inflammatory reaction within the child's eyes which has impaired Carolyn's sight. They indicated it can be corrected by treatment.

Strickler also extended an invitation to families and friends of the troops.

Labor Leaders Urge Long-Range Government Policy On Nation-wide Price Controls

Washington, Jan. 11—(AP)—Major labor leaders said today the government must mould a wage-price policy flexible enough to work for a decade.

They gave that appraisal to the Wage Stabilization Board, an arm of the Economic Stabilization Agency (ESA) which announced last night that it will not now put into effect a temporary 30-day freeze on prices and wages.

The appeal for a long-range policy came from spokesmen for the AFL, CIO, Machinists and Railroad Unions, joining in testimony as the United Labor Policy Committee (ULPC). They said the present emergency may stretch on indefinitely, and "we're not planning for a short-term situation."

The group presented all major elements of the organized labor movement except John L. Lewis, United Mine Workers (UMW) chief, who was heard separately by the wage board yesterday. He advised against any kind of wage or price controls.

Sitting beside his price director, Michael V. Disalle, Valentine told reporters last night: "We have come to the decision that we do not plan any present across-the-board general freeze, ceiling, or stabilization of prices."

Disalle, who wants quick action, had prepared a tentative order freezing the prices for at least 30 days. But he publicly accepted the decision to delay. It was possibly sound judgment, he said, and he was "willing to go along with that as a matter of agency policy."

Valentine called the news conference to end what he called the "gossip, rumors, and reports" about an immediate freeze of prices, accompanied by controls on wages.

There were a number of developments, meanwhile, in the expanding government effort to gear the nation to the vast defense program.

The administration asked congress to permit the drafting of youths 18 years old and let it be known that a big tax increase—perhaps as much as 30 per cent—will be sought to help meet mounting costs or rearmament.

President Truman will lay down a full "pay-as-you-go" tax policy in messages to congress within the next few days. Secretary of the Treasury Snyder told newsmen yesterday. Word in congress was that a new tax boost of about \$15,000,000,000 a year would be sought.

Senator Byrd, (D-Va.), agreeing with the policy, said that will mean cutting non-defense costs to the bone, hiking present taxes and tapping new ones, possibly through a national sales tax.

The government called for bids for construction of a new fleet of fast cargo ships. No number was mentioned, but Mr. Truman has asked congress for funds to construct 50 vessels fast enough to operate without convoy protection.

The government approved as necessary to defense the proposed construction of a \$250,000,000 steel plant in Connecticut.

Two American destroyers, J. R. Pierce and Moale, arrived in Copenhagen this morning from Portland, Eng. They will take Eisenhower on to Oslo, Norway, should weather conditions prevent his departure by plane.

Copenhagen police were out all night tearing down posters put up by Danish Communists urging the American commander of western forces to go home. No arrests were made.

The posters, signed by Denmark's Communist party read: "Eisenhower, Europe's MacArthur, has come to Copenhagen. Germany is about to rearm. Denmark is to get higher military expenses. Go home, go home, Eisenhower."

In Holland, Eisenhower had a series of talks with chiefs of the army, navy and air force and Premier Willem Drees.

U. N. Faces Delay In Quest For Peace

Lake Success, Jan. 11—(AP)—The U. N. today faced a new delay in its quest for a Korean peace settlement.

The general assembly's 60-nation political committee was scheduled to meet at 3 p. m. but informed quarters said it probably would adjourn until next week because no one had any formal proposals ready yet.

The situation was this:

The assembly's three-member cease-fire committee had a 6-point truce plan, but wasn't ready to submit it, because India's Sir Benegal N. Rau wanted to get an okay first from his chief, Prime Minister Jawaharlal Nehru.

Eisenhower Flies To Denmark After Talks In Holland

The Hague, The Netherlands, Jan. 11—(AP)—Gen. Dwight D. Eisenhower went by plane to Denmark today after talks with Dutch leaders on Holland's contributions to the Atlantic alliance army.

In a statement to the press before taking off from Schiphol airport, Eisenhower urged free nations to organize for the preservation of peace so that "in an atmosphere of security" living standards can be raised and "social and political gains be attained."

Referring to the 12-nation Atlantic alliance he said "anyone making a survey of the spiritual and material resources cannot doubt of success."

Two American destroyers, J. R. Pierce and Moale, arrived in Copenhagen this morning from Portland, Eng. They will take Eisenhower on to Oslo, Norway, should weather conditions prevent his departure by plane.

The appointments were announced by Fine as he left for Philadelphia to continue the job of rounding out his official family.

Draemel, a retired Philadelphia admiral, has been in charge of the Forests and Waters department since Gov. James H. Duff first appointed him to the post in 1947. Leslie, a Pittsburgh Attorney, has served as insurance commissioner since last year.

124 Animals at Farm Show Compete For Honor of Grand Champion Baby Beef

Harrisburg, Jan. 11—(AP)—The banner event of the 1951 State Farm Show—selection of the grand champion 4-H baby beef steer—got underway today with 124 prize animals competing.

The young owners of the baby steers began putting the animals through their paces before the critical eyes of the judges in the main show arena.

Winning the grand champion baby beef award is the dream of every farm boy and girl. Along with the coveted title usually goes a sizeable cash return from sale of the animal on the auction block.

Pittsburgh, Jan. 11—(AP)—Mrs. Marjorie Hanson Matson, an assistant Allegheny county district attorney who has been accused of leftist associations by Attorney Charles J. Margiotti, today asked a judge to appoint three attorneys to determine validity of the charges.

Mrs. Matson appeared before Judge Samuel A. Weiss in common pleas court less than 24 hours after District Attorney William S. Rahauer refused Margiotti's demand to fire her.

Mrs. Matson, who has flatly denied Margiotti's charges, told Judge Weiss her religious ideals "have always been contrary to Communist ideals."

Quads In Michigan Are Doing Nicely

Pontiac, Mich., Jan. 11—(AP)—Michigan's currently most prominent citizens—the day-old Rosebush quadruplets—were "doing very well" today.

To all appearances the two boys and two girl babies—Kenneth, Jr., Keith, Krystal and Kristene—were thriving.

The infants, born yesterday to Mrs. Ann Rosebush, 34, mother of four other children, remained in incubators at St. Joseph's Mercy Hospital.

The hospital reported that Mrs. Rosebush also was doing "fine."

UNEASY QUIET REPORTED ON BATTLELINE

BULLETIN

With U. S. Second Division, Korea, Jan. 11—(AP)—Elements of this division were holding their ground one and one-half miles south of Wonju tonight, but a spokesman said two North Korean Red Divisions were slipping down the flank from the north and east.

The Red divisions, totaling about 20,000 men, were identified as the North Korean Sixth and Tenth. (Further details regarding this action were withheld by the censor.)

Tokyo, Jan. 11—(AP)—American, French and Dutch troops clung stubbornly tonight to a salient on the critical central Korean front in the face of 100,000 Reds massing in the Wonju area.

United Nations positions were stabilized amid a crackling of small-arms fire two miles south of the wrecked and empty town of Wonju, which is 55 miles southeast of Seoul.

Except for the sporadic fire the front was quiet after a 7-hour battle in which 2,100 Korean Reds were estimated killed or wounded.

The Allies abandoned Wonju Monday. On Wednesday, a tank-led patrol of the U. S. Second Division pushed back into the town from the southeast.

Finding no Reds there, the patrol looked around for a while, then voluntarily withdrew towards the overlooking hills in the south.

South, on the road towards Chongju, the company-sized patrol was jumped by more than 7,000 North Koreans. At one stage the Americans fixed bayonets and charged.

After other Allied forces reinforced the patrol, the Reds broke off the battle Wednesday night.

But the greatest menace to Allied arms was shaping up in a 50-mile stretch between Chungju and Red-held Osan in western Korea.

Chinese and Korean Red forces estimated at 285,000 were in the area or moving toward it in an apparent bid to cut off the main forces of the U. S. Eighth Army on the road south of abandoned Seoul.

In that area roads fan out through the hills, affording many avenues of approach to the Allied forces.

President of Allegheny College Will Be Speaker at Y. H. S. Graduation Exercises

The commencement speaker for graduation exercises of Youngsville high school, to be held on May 24, was announced at the January meeting of Youngsville school board. He will be Dr. Louis T. Benzet, president of Allegheny College at Meadville.

A report was given the board that all physical and dental examinations of students has been completed, and that the school nurse would now begin the follow-up work. It was announced that Robert Albright, vocational instructor of the school, is in Harrisburg with five Youngsville high students to attend the Pennsylvania Farm Show. The boys are Howard Johnson and Norman Elghme, seniors; Lee McIntyre and Charles Johnson, juniors; and Stanley Orbanic, sophomore. Howard Johnson will receive the Keystone Farmer degree at the show.

The supply list for 1951-52 has

been completed and mailed out for bids.

Supervising Principal Paul Getts reported that the cafeteria is serving an average of 130 meals daily, and that rising food costs make necessary close supervision of the cafeteria in order to break even on expenses.

The board approved construction of cupboards for storage of science materials and gave its approval to several other matters.

Permission was given for the use of the gymnasium by the Pre-School Mothers Club for a party; and the auditorium to the Youngsville Business and Professional Women's Club for a series of one-act plays.

The board approved formation of a course in home nursing for senior girls, under the instruction of Helen Piper, school nurse, providing a class of 10 can be formed. The course will include 30

lessons. Also approved was an adult class in clothing construction under Mrs. Zeisler, home economics teacher, if a class of 10 can be enrolled. A deposit of \$5 will be required, which will be refunded if 8 of the 10 are attended. Purchase of a new sewing machine for the home economics department was also authorized.

Bills in the amount of \$1200 were approved for payment, and permission was given for the formation of an adult recreation program if sufficient interest is shown. The program will be in charge of Coach Frank Kamus and is scheduled for Thursday evenings in the school gymnasium.

Grand Master Pays Official Visit To Local IOOF Lodge

Roy Persons, Franklin, grand master of the Independent Order of Odd Fellows of Pennsylvania, accompanied by A. J. Kunselman, grand guardian, paid an official visit to Warren Lodge No. 339, I.O.O.F., at the weekly meeting, with a large number of members from this city and surrounding lodges in attendance.

The grand lodge officers were escorted and introduced by Howard Kinkead, district deputy grand master, and Roy Farnsworth, past grand.

Following the introduction ceremonies the grand master delivered an interesting and instructive address, dwelling mainly on the progressiveness and welfare of the organization. He stressed membership, and mentioned the fact that while a large number of the younger generation have gone or are about to go into the service, they have recognized the value of affiliation with the Odd Fellows organization and were joining in goodly numbers. He

also stated that the I.O.O.F. program for the year is well advanced and that additional details have been added whereby the Order and individual members will cooperate with the state and nation in the present emergency, with the organization pledged to help keep the country as it is today—a free and democratic nation.

Mr. Persons closed his address stating that "we are all proud to be citizens of such a grand and glorious nation, and members of such a noteworthy and charitable organization as the I.O.O.F." After visiting with members in general and commending Warren Lodge on its high standing and progressiveness, Mr. Persons gratefully acknowledging the hospitality and honors given him departed for his home.

The social rooms were well occupied and the various games of cards, pool, billiards, shuffleboard and dart ball were enjoyed during the remainder of the evening.

Previously, totally disabled persons received relief as part of general assistance grants paid entirely from state funds.

Traffic Valentines

To those in back of Straddlin' Jane,
Her driving is a riddle;
She never heard of a traffic lane
And breezes down the middle.

If you would like to live some more
And in this life abide,
Then don't get out the left-hand door
Upon the traffic side.

If repairs on your complexion
Will please your Valentine;
Gals, don't choose an intersection
To use that calximine.

A traffic lane ain't lovers' lane—
There's always trouble brewing;
So keep your driving safe and sane
And park to do your wooing.

Beaver Falls Man Is Named To Head 1951 Penn-a Week

Harrisburg—J. S. Sahli, President, Sahli's Inc., Beaver Falls, operating automobile agencies and appliance stores in the Beaver Valley, has been appointed State Chairman 1951 Pennsylvania Week by Governor James H. Duff.

Announcement of the appointment was made by Theodore Roosevelt III, Secretary of the Commerce Department, sponsors of the annual observance since its inception in 1946.

Roosevelt also revealed that the dates of the 1951 celebration will be October 15-21 as recommended by leaders of last year's event at a recent summary meeting here.

This marks Sahli's fourth year of Pennsylvania Week activity. He was Beaver County Chairman in 1948, Chairman of the 11-county Southwestern Region in 1949, and, last year, was one of three state Vice Chairmen aiding last year's State Chairman, Joseph C. Peagley, Lancaster, Armstrong Cork vice president.

Duff, Roosevelt and Sahli issued the following statement on this year's sixth annual Pennsylvania Week, "The annually increasing participation in Pennsylvania Week activities of every nature testifies to the important role it has assumed in community life throughout the Commonwealth. Under the leadership of Governor-elect John S. Fine and new Secretary of Commerce Senator A. J. Sordani there is every reason to believe that this 1951 observance of our statewide celebration will be most significant."

COUNTY GRANTS RAISES

A \$20 monthly increase for about fifty employees of Venango county was granted Monday by the County Salary Board. Chairman John C. Brecht said all employees have been asked and had promised cooperation in efforts to reduce other county operating expenses. He said employees had been asked to strive for greater efficiency and reduction of expenses. If the plans are carried out, the saving will offset the amount of the salary increase, Mr. Brecht thinks.

The railroad's annual bill for cross-tie replacement runs at the rate of \$250,000,000.

I should like to see them maintained, they again served their purpose reasonably well.

Old Man Winter sneaked in early and practically ruined the much needed doe season, and indications are that there is an excess of deer left in the woods on the District.

The year 1950 was a most satisfactory and productive one for the Northern District of the Allegheny National Forest.

Perhaps one of the brightest spots in the picture was the large volume of timber that was harvested from the fast growing hardwood stands on the District. Over four million board feet of sawlogs, comprising 14 different species, and one thousand cords of pulp and chemical wood was harvested during 1950 on the Northern District alone. This material brought a revenue of over \$73,000 on the stump, of which 25% went back to the counties in which the District was located, in lieu of taxes, and an additional 10% has been set aside for expenditure on the Forest for the development and maintenance of roads and trails.

When this revenue from timber is compared with the \$50.00 rea-

lized for the whole forest from the sale of timber back in 1925 one can readily see that the forest resource is building up steadily in both volume and value.

The bulk of this cut developed from the sale of mature and over-mature trees left over from culled over timber stands which were acquired by the government cuttings have salvaged a lot of valuable material before it has become too decadent, and at the same time have released thrifty young trees so that they can put on maximum growth in the shortest possible time. However, a substantial part of this cut was also in second growth stands, particularly where black cherry predominates, which have just now reached small saw-timber size, and can support a light sawtimber

cut. In such stands only the poor risk trees, those of poor form, or those in need of removal because of crowding, were marked for cutting.

The cut of pulpwood and chemical wood needs to be stepped up many times over the 1950 cut if the large scale trimmings, which are so necessary in the proper management of the crowded stands of younger second growth on the District, are to be realized.

Some other significant accomplishments during 1950 include the successful planting of 207,000 tree seedlings; the protection from forest fires of over 250,000 acres with only one-tenth of an acre burned; the activating, for the first time, of a Pennsylvania Game Commission habitat development crew which has already made a name for itself in the first really constructive effort to develop the habitat for a diversified wildlife population on the national forest.

The five public campgrounds, on the Northern District, were host to thousands of recreationists during the year and despite the lack of sufficient funds, to properly maintain them in the manner that

Firemen At Sugar Grove Plan Party On February 12th

Sugar Grove, Jan. 11—Twenty members of the Sugar Grove Volunteer Fire Department, holding their regular meeting, discussed plans for the annual party for paid-up members to be held February 12, and for redecorating the clubrooms.

Donald Abbott, in charge, reported several members will attend the county firemen's meeting at Sheffield Thursday evening.

Chief Scott Stuart, Jr., reported one alarm received since the last meeting and presented his annual report. In the year just closed, the company answered 18 alarms, one rescuator call, one call to help find a lost child, and assisted with six mutual aid drills. Fire loss in the borough amounted to \$110 in the same period. Away from the station a total of 22½ hours, the men laid 1,100 feet of hose, and 400 feet of booster line.

Members of Sugar Grove-Farmington High School attending the State Farm Show at Harrisburg are Maynard Sweeney, Kenneth Russell, Norman VanOrd, Loren Mourer, Hubert Perkins, John Sanders, David Marsh, Bruce Lindell and Bryce Hanson. They were accompanied by James Lacey and Richard Sanders. Kenneth Russell and Maynard Sweeney are among boys who will receive the Keystone Farmer Degree.

Mrs. Arthur Cody entertained her Bridge Club Monday evening, with high honors going to Mrs. E. H. Thorpe. Mrs. Gerald Younie, Mrs. Burt Schoonover and Jane Abbott were guests.

Ross, four year old son of Mrs. Lloyd Porter, is ill with scarlet fever at the home of his grandparents, Mr. and Mrs. Stuart T. Andersen. He was a patient in the WCA Hospital Sunday and Monday.

Washington Letter

WASHINGTON—(NEA)—President Truman's off-hand press conference admission that the United States would not bomb China without United Nations permission was another one of those things that would have been better left unsaid.

Coming on top of the President's atomic-bomb use mixup of a month before, the question is raised on whether there should not be some kind of censorship on statements in high places.

Military censorship in the field has been clamped on by General MacArthur. The security systems in government agencies are now tighter than they've ever been. But when the head man himself chooses to talk out loud there isn't any higher authority that can make him clam up.

Apparently there isn't anything the White House staff can do to shut off these disastrous ads. They have been going on since October, 1945, when the President in an off-hand remark to reporters gave away a secret on atomic bomb policy without realizing what he had done. Performances like this must make aides new ulcers daily.

There wasn't anything particularly new about the President's latest statement that the United States would not bomb China without United Nations permission. Such a policy is implicit in the United Nations Security Council resolutions of last June.

BUT the point is, why was it necessary to go out of the way to tell the Communist leaders in plain language that there would be no action against them outside the Korean borders? As long as there was any doubt about it, the Communist generals would have had to move with a certain amount of caution.

Now that the Reds have it on Mr. Truman's own word that there will be no bombing against Manchuria or China, they can proceed accordingly. They have complete assurance there will be no long-range bombing until the United Nations passes a new resolution. This would presumably be done only after considerable debate, if done at all.

What the President did was telegraph that he wasn't going to punch them there. And in a fight, it is just as important to know where you aren't going to be hit as to know where you may be hit.

The President had successfully ducked this question before. In the famous Nov. 30 press conference, in which he said the United States was considering use of the atomic bomb at all times, the President was asked:

"Will United Nations troops be allowed to bomb across the Manchurian border?"

The President replied that he couldn't answer that question that morning. It was a perfect answer. It left the Reds guessing. It gave the impression that it might happen later.

IN the most recent press conference, the President started out on this same track. He was asked directly, almost like a follow-up to the original question of a month earlier:

"Are we going to ask the United Nations for permission to bomb China?"

The President said he did not have that under consideration. This wasn't as good an answer as the earlier one, but it was good enough. The trouble came on the next round of questions when the matter was brought up once again. A reporter asked if he could clear up a point. The President said sure.

"Is it correct to assume," the reporter asked, "that we would not bomb China without checking with the United Nations?"

The President said yes. And that let the cat out of the bag. The answer was accurate and correct from the international law standpoint. It was just a bad leak of information from the military standpoint.

UNCLE SAM'S BUDGET TAKES SHAPE—Government experts are drafting the federal budget for the 1952 fiscal year (ends June 30, 1952). The Newschart above shows estimated breakdown of the budget which is expected to total \$60 to \$65 billion. If such is the case, John Q. Taxpayer must be hit much harder to avoid a deficit. Should Congress approve the mammoth budget next January, it would be the biggest tab the American taxpayers ever were asked to pick up in "peacetime."

and three children have returned from a vacation trip, having been guests of their parents, Mr. and Mrs. Frank Richmond, at Daytona Beach, Fla. Mrs. Richmond received a New Year's Day telegram from her son, Edward Richmond, in Korea, saying he was safe and well.

Harold Carlson, whose condition had been serious in Jamestown General Hospital since pneumonia developed following an automobile accident, is reported recovering satisfactorily.

DOLLS FROM ISRAEL—Stuart Fine, five, of New York is fascinated by these hand-made, eight-inch dolls on display at Israel House. Depicting the people of Israel, the dolls were among the first of a shipment from the village of Lydda, on the outskirts of Tel Aviv. They represent, left to right, a newsboy, pioneer girl and boy with rake and hoe, Biblical student and icewoman.

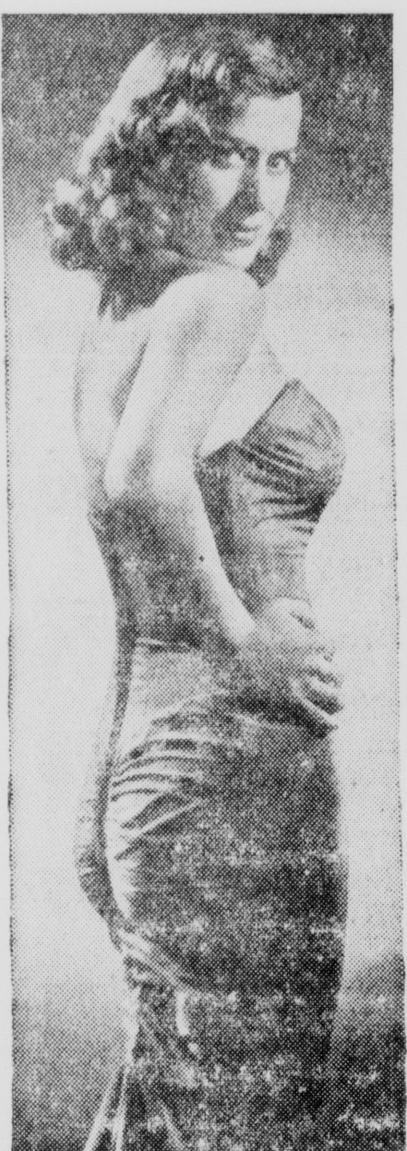

HE FEELS AWFUL—John Lahey, DePaul forward, has a pained expression on his face as Don Sunderlage, Illinois guard, knocks the ball out of his hand during a basketball game in Champaign, Ill. DePaul went on to win 68-65. Illinois number 26 is Irv Bemoras.

IN A HUDDLE—This lovely litter of black-faced Siamese kittens was entered by their owner in a cat show in London, England. Their expressions, as they watch the photographer, give no indications of their thoughts, but they were probably wondering when they could escape from fingers being poked in at them by silly humans who gaped admiringly at the group.

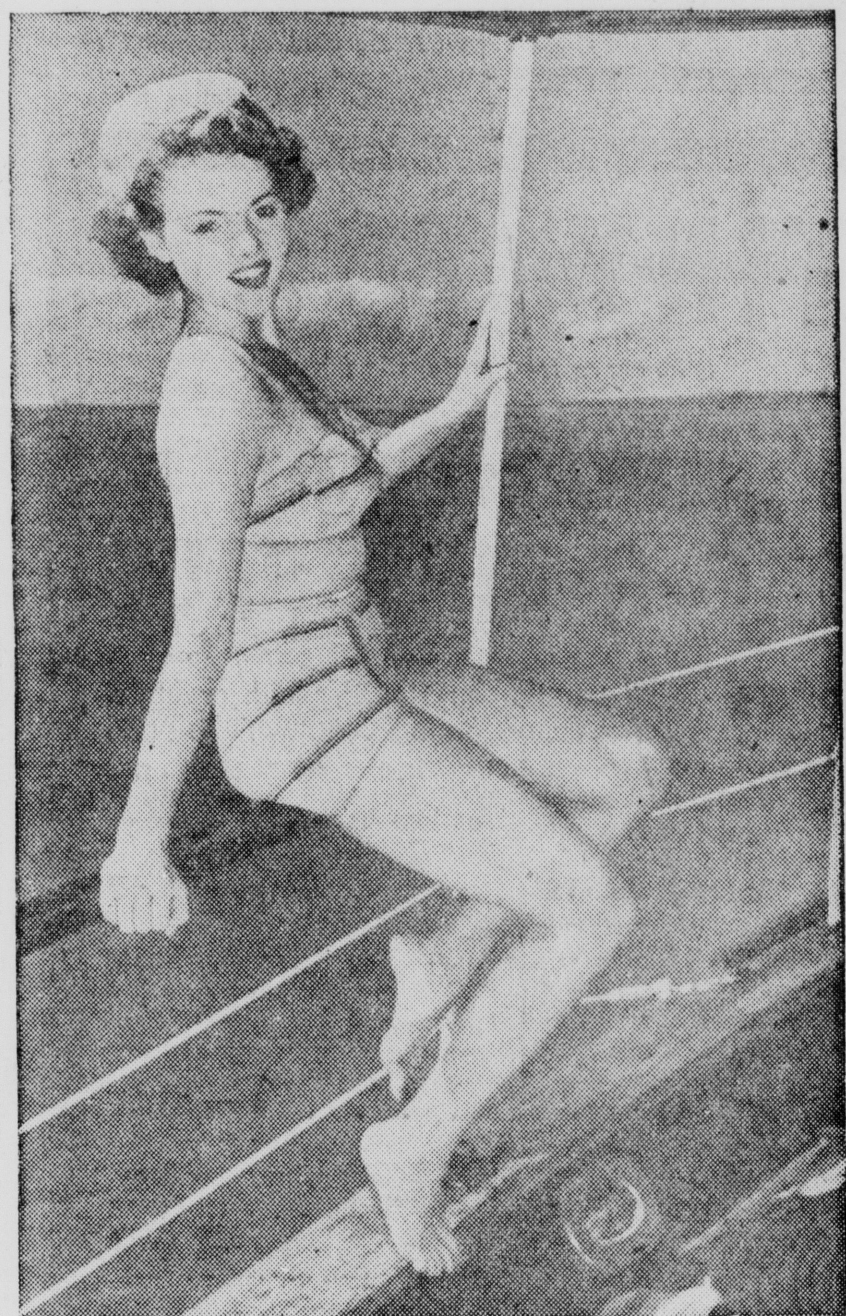

NEVER A PRIVATE MOMENT—The Cincinnati Reds' pitcher, Herman Wehmeier, and blonde Mary Sue Satzger were married before relatives, friends and a young baseball fan. Ronnie Reisz, a shy signature hunter, was on hand to give the bride and groom his good wishes as they came out of the church—and get an autograph.

SHE'S TOPS — Singing star Helen Grayco has been chosen the most photogenic girl singer of 1950 by an eastern photographers' association. Their choice shows there's nothing wrong with the boys' eyesight.

RESULT OF WAR—Bewildered Korean war orphans wait in the fuselage of a giant C-54 transport for evacuation to safety in South Korea. More than 1000 children were taken out by air while thousands of others, old as well as young, went as best they could. (U. S. Air Force Photo from Acme.)

ESPECIALLY DESIGNED—Perched becomingly on the rail of a yacht at Mission, Tex., is Nancy Cooper, of Harlingen, who is wearing a costume created for her. She received the outfit for the part she played in popularizing winter sailing and other aquatic activities. With Nancy aboard, any yacht would be a popular place.

ALL ALONE—Dennis Lanagan, four, arrived at a New York airport from Australia all by himself. But that was only half of it: he took right off next day for Trinidad in the British West Indies, so he's really seeing the world.

HOMELESS IN FLOOD—With the use of a river boat, members of a farm family near Chioggia, Italy, salvage their household belongings from a rising flood. More than 1200 acres of cultivated land were inundated in the area when a huge gap was broken in a protecting dike. About 100 families were forced to abandon their homes.

BARBED WIRE WREATH FOR STALIN—Ernst Tillich, right, opens a parcel in Berlin to show a post office employee the barbed wire wreath sent to Josef Stalin on his 71st birthday by the anti-Red West Berlin "Fighting Group Against Humanity." It was designed to remind the communist leader of the thousands of Germans still being held in Russian concentration camps.

Senator L. E. Chapman Is Reappointed Chairman of Appropriations Committee

State Senator M. Harvey Taylor, president pro tem of the state senate, has reappointed Senator LeRoy E. Chapman, of this city, chairman of the important appropriations committee, according to an Associated Press dispatch from Harrisburg.

This announcement comes as no surprise to friends and constituents in the district, of the senator, who had anticipated that he would be a holdover in this vital assignment because of the satisfactory functioning of the committee during the four terms that he had headed the group.

The announcement comes in a dispatch which says that the establishment of a new standing committee to handle reappointment problems highlighted a list of senate committee appointments. Senator Taylor stated that Sen. G. Graybill Diehm, R-Lancaster, had been named to head this particular committee. The dispatch continues:

"The unit will play an important role in the 1951 legislature because of a constitutional requirement that all congressional and legislative districts be revised every 10 years to meet population changes."

The committee appointments listed 11 new committee heads. An equal number of committee chairmen are holdovers from the 1948 legislature.

The new committee chairmen, all Republicans, will be: Fred P. Hare, Jr. (Somerset), banking; Donald P. McPherson (Adams), constitutional changes and federal relations; Paul L. Wagner (Schuylkill), education; Murray Peeler (Indiana), elections; Edward B. Watson (Bucks), executive nominations; T. Newell Wood (Luzerne), finance; A. Evans Kephart (Phila.), judiciary general; Samuel B. Wolfe (Union), military affairs and aeronautics; G. Robert Watkins (Delaware), public health and welfare; Rowland B. Mahany (Crawford), state government.

Holdovers include George B. Scarlet (Chester), agriculture; LeRoy Chapman (Warren), appropriations; Charles Mallory (Blair), corporations; Arthur C. Blass (Erie), forests and waters, game and fish; John G. Snowden (Lycoming), highways; George N. Wade (Cumberland), insurance; James S. Berger (Potter), labor and industry; A. H. Letzer (Clearfield), law and order; George B. Stevenson (Clinton), local government; Montgomery F. Crowe (Monroe), mines and mining; John M. Walker (Allegheny), rules.

MURDER RECALLED

Willie Hutchinson, who battered an Erie couple, Robert and Edna Mae Beard to death in 1945 with a two-by-four plank, has died while serving a six to 12 year sentence in Western Penitentiary. The fatal beating occurred October 10, 1945, in the Beard apartment in Erie.

Alpine Golfers of Local Club Meet

Mrs. Sidney W. Blackman, 1949 champion of the Alpine Club of Conewango Valley Country Club women golfers, entertained her fellow-members at a luncheon at her home recently.

Zero weather and holiday decorations failed to keep thoughts from turning to past and coming golf seasons and, following the luncheon at a table gaily decorated with a gingerbread house and apple Santa, the hostess presented prizes for the 1950 championship.

Mrs. W. O. Lawson was champion, with Mrs. H. L. Banghart the runner-up, and consolation awards going to Betty Jane Branch and Mrs. Blackman.

The year 1950 failed to add new members to the Alpine Club, membership in which is attained by posting a five or less on the long Number Eight hole, and the roster still stands at 16.

These members are: Mrs. E. G. Hamilton, only one to have a four on the hole; Mrs. H. L. Banghart, Mrs. David Beatty, Betty Jane Branch, Mrs. John L. Blair, Mrs. Sidney W. Blackman, Mrs. John Carter, Mrs. Paul Fisher, Mrs. W. O. Lawson, Mrs. Robert Voigt, Mrs. Edward Walker, Warren; Mrs. Julia McLachlan of St. Petersburg, Fla.; Mrs. John Siggins, Harrisburg; Mrs. Mathilda Passmore, Mrs. Murray Stoddard, Coral Gables, Fla.; Mrs. Edward Sheil, San Diego, Calif.

Regina Arnold and Martha Schueltz were in charge of the entertainment and refreshments were served by Marie Leuthold, Doris Hansen, Zella Wood and Elizabeth Baumanis.

TRUTHSEEKERS CLASS PLANNING ACTIVITIES

Class members made plans for preparing and serving the father and son banquet, sponsored by the McCurdy Class and to be held some time in February. Mrs. Dwight Sizle reported details of an attendance contest to be conducted during the next few weeks.

Following the business session, Mrs. Walter Mathyer presented Girl Scout Troop 4, of Beaty School, in a delightful group of songs and accordion music. She also presented Mrs. James Conner, executive director of Warren County Girl Scout Council, who told in a charming manner of her work among the people of Puerto Rico, especially in the Colegio de San Juan de Bautista, a school founded by the Rev. and Mrs. Conner as part of their missionary work in the cathedral which they served for seven years. She also displayed a number of attractive and interesting articles made by the children of the school.

Discontented? Ask Yourself These Impertinent Questions

ONCE a year at least every woman ought to sit down and interview herself. Since no one else ever needs to know the answers she gives her self-asked questions, she can be perfectly honest.

A few of the questions she might do well to ask herself are: During the last year have I grown in any way as a person, in understanding of myself and others, in tolerance, in capability, in knowledge, in self-reliance?

How do I stand with those I love? Have I been meeting the needs of my husband, children, parents and close friends? Or have I been drifting along, counting on their love and respect without doing much to earn it?

Am I better at my job—whether it is homemaking or a career—than I was this time last year? Or have I just been marking time, figuring that there is no need for improvement?

LETTING LIFE PASS HER BY

Am I really enjoying life, doing a fair number of the things that give me pleasure? Or am I still putting off doing the things I really would like to do?

Am I facing up to problems as they come along? Or do I run from them or kid myself that they are all someone else's fault and that there is really nothing much I can do about them?

Do I know what I want out of life and have at least one ambition for the future that I am working toward?

Have I made any new friends lately? Or does my list of friends decrease with the passing year instead of increasing?

(All rights reserved, NEA Service, Inc.)

heart, with which he explained its various functions and its reaction to infection and disease.

A highlight of the business session was a message read by the president from Robert and Duane Wilder, congratulating the union its very worth while goal of fr-

nishing a school library and en-

closing checks of \$50 from each. A social committee composed of Mary Owens, Margaret Anderson, Lillian Huckabone and Harriet Alexander served Washington cream pie and coffee at a late hour.

Discontented? Ask Yourself These Impertinent Questions

ONCE a year at least every woman ought to sit down and interview herself. Since no one else ever needs to know the answers she gives her self-asked questions, she can be perfectly honest.

A few of the questions she might do well to ask herself are:

During the last year have I grown in any way as a person, in understanding of myself and others, in tolerance, in capability, in knowledge, in self-reliance?

How do I stand with those I love? Have I been meeting the needs of my husband, children, parents and close friends? Or have I been drifting along, counting on their love and respect without doing much to earn it?

Am I better at my job—whether it is homemaking or a career—than I was this time last year? Or have I just been marking time, figuring that there is no need for improvement?

LETTING LIFE PASS HER BY
Am I really enjoying life, doing a fair number of the things that give me pleasure? Or am I still putting off doing the things I really would like to do?

Am I facing up to problems as they come along? Or do I run from them or kid myself that they are all someone else's fault and that there is really nothing much I can do about them?

Do I know what I want out of life and have at least one ambition for the future that I am working toward?

Have I made any new friends lately? Or does my list of friends decrease with the passing year instead of increasing?

Penna. Route 957 (the Columbus-Lottsville-Sugar Grove-Lander road), \$14,000 for new construction (0.3 miles) and \$91,000 for limited construction (4.7 miles).

The report of the Planning Commission, completed after a 14-month study, will be submitted to the General Assembly for consideration. The commission's proposals would:
1—Provide more money for local rural roads.
2—Recommend that state highway grants to townships, boroughs and cities be increased from \$10 million to \$15 million per year, with 20 percent earmarked for construction.
3—Call for major expenditures for limited-access expressways, wider streets, tunnels, bridges and by-passes in cities to alleviate the serious statewide problem of traffic congestion.
4—Classify the roads into four new systems and proposes the transfer of major roads to the state and of lesser roads to local control.
5—Warn against overemphasizing toll roads, recommending an exact limitation on each toll project so that its revenue cannot be used to finance others.
6—Propose that state financial aid be granted on a formula of 50 percent for population and 50 percent for mileage.
7—Propose that the state end its responsibility for county highway debts at the end of the 12 year period.

Uneasy Quiet Reported On Battleground

(From Page One)

A. P. Correspondent John Randolph said the Chinese evidently hope to force the Eighth Army to accept battle in the rough country suitable for swarms of night-fighting Red infantrymen.
Six Chinese armies were in the general western area south of Seoul, and seven armies were north and west of Wonju. This force included wiry Mongolian cavalrymen. Intelligence officers said 500 Chinese planes and 200 tanks are available to back the push.
Another hint that the Reds may be about to challenge Allied mastery of the Korean skies came in far North Korea. Fifteen Russian-made MIG-15 jet fighters attacked a B-29 Superfortress as it lagged behind a formation because of engine trouble.
The B-29 took cover in a cloud bank but its gunners reported the possible kill of one Red jet. The bombers had dumped more than 100 tons of explosives on the airfield at Pyongyang, Korean Red capital, and other cities in North Korea.
Except for the bombing raids and few attacks sorties, Allied warplanes had been grounded for two days because of snow and rain. But fighters returned to the fray Thursday and caught hundreds of Reds in the open.
Ten Navy planes dived through a hole in the clouds and plastered Red troops on the Wonju front. U. S. Fifth Air Force fighters fanned out against enemy troops and supplies in the Seoul area.
The blistering local defeat handed the Reds three to four miles south of Wonju was heartening, although the overall picture was grim. Eighth Army headquarters called the action a "successful operation." A foot of overnight snowfall added to the GI's miseries.
General MacArthur's headquarters said it was a counterattack aimed at throwing the enemy off balance.

Government Rests In Remington Case

New York, Jan. 11—(AP)—The final government witness in the perjury trial of William W. Remington testified that the defendant had told him he turned Communist because his father was "a stooge for capitalists."
Then the government rested its case against the 33-year-old Remington, former U. S. commerce department economist accused of falsely swearing before a federal grand jury that he never was a member of the Communist party.
Federal Judge Gregory F. Noonan excused the jury until tomorrow, and designated today for hearing defense motions. (2 p. m. EST).
Usually these motions would include a plea for dismissal of the indictment on the ground the prosecution had failed to make a case.
The final, and 11th, government witness was Robb F. Kelley, a Dartmouth college classmate of Remington.

THE MARKETS

New York, Jan. 11—(AP)—Strong buying demand entered the stock market today and pushed prices higher. Advances extended to around \$1 a share or better, and scattered losses among leaders were held to a few cents. Steels, motors and rails attracted the most attention on traders, but radio-television and aircraft issues obtained a modest share of orders. A feature of the market at one time was the higher swing of several tin mining stocks. The ticker tape ran late on two separate occasions during the first hour as buying demand mounted, once by as much as two minutes.

Janet MacKress, 23, is in critical condition at St. Francis Hospital. She was shot through the roof of her mouth when she tried to beat off a bandit at the rear door of her Liberty avenue home in Bloomfield last Tuesday night.

PRUDENTIAL DISPUTE WILL BE DISCUSSED

Newark, N. J., Jan. 11—(AP)—The results of a one-day "sick call" in protest over the suspension of 32 Pittsburgh district agents of the Prudential Insurance Co. of America was in doubt today.
A union spokesman claimed last night "Tuesday's nationwide 'sick call' tactics by some 2,300 of the company's 15,500 agents had won a reinstatement offer from the company—an offer, the company replied, it had maintained all the time."
Oscar D'Adolf, chairman of the national federation of insurance agents council (AFL) who made the reinstatement claim, said a mass meeting was planned for Newark tomorrow to further discuss the dispute.
By yesterday, all but a few of the 2,300 agents, who failed to report for work Tuesday, were back on the job.

ERIE COUNTY AUTOIST MAY BE CRASH VICTIM

Winchester, Va., Jan. 11—(AP)—Police sought to identify the body of a man found burned to death in a wrecked automobile Tuesday night on U. S. Route 522, 17 miles north of Winchester.
State Police Sergeant F. L. Woolf said the 1952 sedan was registered in the name of Raymond W. Thomas, of West Springfield, Erie county, Pa.
Officers said the car, traveling south, ran off the road, struck a tree and burned completely. The driver was unable to extricate himself. A resident of the area told police the driver was the only occupant of the car.

A SHOT WITH A PUNCH—A North Korean army major crumples to the ground after being shot by a tough American sergeant. The dramatic action took place not in Korea, but in Hollywood. A new film, "The Steel Helmet," marks a milestone in movie history because, for the first time, it shows the murder of a prisoner of war by an American G.I. The sergeant, portrayed by Gene Evans, pays for his crime by cracking up mentally. The Korean officer is played by Harold Hong.

Go LOBLAWS for BETTER BUDGET BUYS

Loblaws' **DEPENDABLE MEATS** ARE ALWAYS BETTER VALUE!

ANSWERING THE QUESTION WHAT MAKES GOOD VALUE IN FOOD TODAY

We don't like today's high food prices, either—and we're doing something about 'em. Loblaws is continually proving its right to be as starry-eyed as any in the food business in pointing with pride to our "Every Day Low Prices." But we don't feel that every day low prices alone are the answer to what makes good value in food today.

It's the every day low prices plus Loblaws "Extras" that give today's food shopper a real break. Loblaws "Extras" are unusual buys that we have picked from all over the country. We wouldn't call them "every day" values, for they're not available every day. But there are always MANY "Extras" at Loblaws every week—in several departments.

Loblaws "Extras" plus Loblaws "Every Day Low Prices" mean MORE money in your pocket. MORE good food on your table.

Swift's PREMIUM CIRCLE "S" HOCKLESS SMOKED

You will also find that there is very little waste to these shoulders, and you will also like the fact that they are cellophane wrapped. They are a mighty big value this week in all Loblaws stores. Buy several and keep one in your refrigerator for quick easy meals.

Swift's PREMIUM Boneless BRISKET of Corned BEEF

Here is an item that has gained great popularity in the past few years. First, these fancy star briskets are cut from choice grade steer beef. The bone is removed and the meat is given a sweet, mild, sugarcure "combining a beef and ham-like flavor" that is truly delicious. Being boneless, these briskets are easily carved either hot or cold. To cook, place your briskets in water to cover, bring water to a boil, then turn fire low so that the water barely simmers throughout the entire cooking time. Do not boil vigorously. Boil about 50 minutes per pound for pieces over 4 pounds, and 40 minutes for pieces less than four pounds.

Struthers Wells Announces Terms With Seven Unions

Titusville Herald: John T. Dillon, president of the Struthers Wells corporation, announced yesterday that the corporation had completed negotiations with the seven different unions and had granted substantial increases, effective Dec. 25, 1950.

Mr. Dillon stated that negotiations were opened voluntarily on the part of the company because it was felt that the members would have suffered considerably by waiting until scheduled negotiations were due which was not until the summer months.

Mr. Dillon also announced that other employees who are not members of the unions were receiving upward adjustments.

No figures were released for publication by the company. The unions negotiating in the Titusville shops were the United Steel Workers of America, CIO, Local No. 3548 and International Brotherhood of Ironworkers, Iron Ship Builders & Helpers of America, Lodge No. 636, AFL.

The shop employees in the Warren plant were represented by the International Association of Machinists, Local No. 1328, Business Representative Arthur B. White; Committeemen Harry Wooster, Joseph L. Bonavita, Ray

Schmitz, Sam Castagnino, Frank Amacher, Anthony Bonavita, George Schreengost, Robert C. Long.

Contracts for the office employees were negotiated by the Office Employees International Union, Local No. 186, AFL, President Louis J. Egan; Committeemen Frank J. Graham; Committeewoman Gladys Johnson.

The International Federation of Technical Engineers, Architects & Draftsmen's Union, Local No. 65, AFL, was represented by the president, Charles L. Decker; and Committeemen Frank J. Duffy and Leo L. Gleese.

The negotiations for the corporation were conducted by James K. Sullivan, manager of industrial relations.

The Nation Today

By James Marlow

Washington, — (AP) — What about your civilian debts if you're called into military service?

With your military pay much less than your civilian income, you may find you can't meet the debts you undertook when you were a civilian.

You may have a lease on your home, or a mortgage, or you were buying something on time, or paying on life insurance, or you owe taxes.

And is your family thrown out because you no longer can afford the rent you used to pay?

There's only one single answer to all this: Your civilian debts are not just automatically wiped out because you've gone into uniform.

Under law—whether you're called in as a national guardsman, reservist or draftee—you get some relief or protection on debts.

What you get depends on your particular case and your kind of debt.

You may have to pay off in full while you're in the service, if it's found you can afford to; or you may have to pay only part of your debt while in service; or you may not have to pay until you're discharged.

One man going into service may reach a satisfactory arrangement with his creditor, whether it's an individual or department store.

The case of another may have to be solved by a judge when the creditor goes to court to get satisfaction on his debt.

This is the best single bit of advice for you if you're going into the service and know you can't take care of your debts:

Get some legal advice. You can do it this way:

1. Before going into service—consult a lawyer. If you can't afford one of your own, then go for advice to the Red Cross, a veterans organization or the local bar association.
2. If you're already in service—consult the legal assistance officer of your outfit. There's supposed to be one in every camp and on every ship. If there's none in your outfit, start the ball rolling by consulting your commanding officer.

Delinquent Taxes Collected Large

The Erie division office of Internal Revenue, 23rd Pennsylvania district comprising Erie, Crawford, Warren and McKean counties collected \$681,176.00 in delinquent taxes during the calendar year of 1950. Of this amount Erie collected \$378,083.00, Crawford \$106,597.00, Warren \$87,388.00 and McKean \$109,108.00.

The Erie office sold \$1,748,383.00 in fermented malt liquor stamps to the two local breweries, \$2,551.50 in tobacco stamps and \$60.00 in cigar stamps for a total of \$1,750,994.00 in stamps.

The Erie division office is credited with \$2,432,170.50 which does not include any current taxes. Current taxes of all kinds are forwarded direct to Pittsburgh with no credit taken by the Erie office.

Warren High Wrestlers Tangle With Oilers Tonight at Beaty

Warren High Dragon wrestlers make their first home appearance in an inter-scholastic meet tonight when they take on the tough Oil City grapplers at Beaty gym. The bouts will start at 7:30 o'clock, with admission to be 50 cents for adults and 25 cents for students. This will be the fifth meeting between the schools since wrestling was inaugurated at Warren high two years ago, and the Oilers have made a clean sweep of all four matches.

Oil City has a 'strong' squad again this year, but the Warren high team, drilled by Bob Jewell, has a lot more experience under its belt. The local squad has a nucleus of five lettermen, Don Mimm, Carl Nelson, Ken Shaw, Ray Utley and Clark Wright.

★ THE SCOREBOARD ★ Friends Want Louis to Quit, But Admire His Honest Pitch

BY HARRY GRAYSON
NEA Sports Editor

NEW YORK—(NEA)—Anyone ever so slightly acquainted with competition knew Joe Louis' reflexes were gone before they saw the old Brown Bomber against the stationary target that was Freddie Besheer.

For one who was a remarkable athlete, Louis aged very rapidly, and crowding 37 his fighting years definitely are way behind him. His admirers want him to quit, but fierce pride carries Louis on. He refuses to believe that he is as bad as he looked against Ezzard Charles last September and young Cesar Brion in late November. Sure, Louis looked much more formidable against Besheer, a better catcher than Yogi Berra, than he did against the rapidly moving Charles and the journeyman workman who is Brion.

Certainly, he looked trimmer at 210½ pounds, a four-year low. The tragedy of it is that Louis will continue to look better as he goes along against carefully-selected bums whom he can bust. It's bad enough for Louis to be active at a stage where opponents have to be hand-picked.

As his close friend, Sugar Ray Robinson, points out, satisfactory performances against palookas only give Smokey Joe false encouragement and ideas, which are bad at his age in the beak-busting business.

ROBINSON is so right. "When you take a licking, like Joe did from Charles, they can't pay you enough." Jack Dempsey turned down a million when he was 32. Dempsey and Gene Tunney were two of the mighty few who knew when they had enough. That's why they have all their marbles and are so highly successful today.

Punishment at any place along the line doesn't do a fighter any good. It's highly damaging at Louis' age. If he keeps going, he has to be hurt.

In the sere and yellow, Louis still has to be admired—for giving it an honest pitch.

Only one who has boxed professionally fully appreciates how he suffers in training. Few realize that it is the conditioning a fighter dreads, not the fight.

Louis spent so much time in training camps that he learned to despise them while still in full stride. It took a lot of courage and character for Louis to battle his waist-line into submission.

Letters to the Editor

Jan. 10, 1951

Editor Warren Times-Mirror

Warren, Pa.

Dear Editor,

Don't you feel sorry for the Style Shop Basketball Team? The referees won't even give the poor fellows an even break. It makes me feel very bad to think that the officials would take advantage of a poor helpless 6 ft. 7 in. center like Bob Simpson; Gail Nelson, who made the All State 2nd team in High School; and other stars like Kerchner, Hesch, and Lindberg.

Some people seem to think that the only way the supposedly invincible Style Shop can be beaten is by the referees. Of course, all the referees did was show up and go through the motions. Does our basketball fan think anyone is foolish enough to believe that the officiating was so one-sided that they can make up a difference of thirty points, which is how bad the Style Shop defeated the Rockets in the first round.

Just because the Rockets had only one victory prior to Thurs. is no reason why we can't give them a pat on the back for a good job well done. They may have been outclassed, outmanned, and outgunned; but they certainly were not out-fought.

"A Basketball Fan" ought to take in the Bradford "Y" League games if he thinks Warren's officiating is bad. Most of the games are handled by just kids and invariably turn into football contests and boxing matches.

If I were Mr. Basketball Fan, I would dig a hole and crawl in; however, if I am looking for sympathy I will be glad to supply him with some crying towels.

Corry Jr. Cagers Top Warren Five

Corry Junior High basketballers edged the Beatty Junior High cage team, 23-21, at Corry last night. The Little Beavers took an early two point lead in the opening period and were out in front, 17-13, at half time.

Coach Harry Hutchings' boys outscored the Corry five by two points in the closing half, but were unable to pass the small four point margin against them.

Ettinger, of Warren, took the scoring honors of the game with 11 points in five field goals and one free toss. For Corry, Lloyd and Fleming were high men with seven and six respectively.

To Carry Fight On The Air and Screen

New York, Jan. 11—(AP)—The year's first championship boxing match tomorrow night will be broadcast and televised. The fight between Lee Oma and Heavyweight Champion Ezzard Charles takes place in Madison Square Garden in New York tomorrow night.

It will be Charles' first television appearance since September 27, when he defeated Joe Louis to become undisputed title-holder. It will be his sixth defense of the crown.

The radio and TV networks will be ABC for radio and NBC for television. The radio hookup will comprise 344 stations in this country and Canada. The TV list will run 47 stations.

Time on the air for both mediums will be 10 o'clock, the bout being scheduled for 15 rounds.

Charles Favored To Win In Friday Tangle With Oma

New York, Jan. 11—(AP)—Calm, confident Ezzard Charles remained a solid 1 to 6 favorite today to retain his heavyweight championship against the challenge of unorthodox Lee Oma at Madison Square Garden tomorrow night.

The sharp-punching Cincinnati champ also was listed as a 1 to 2 choice to stop the Buffalo fighter before the 15-rounds are over.

There was very little betting here on either the outcome or a knockout. But interest in the fight has picked up and there is a good possibility the International Boxing Club's predictions of a 12,000 crowd and a \$65,000 gross will be fulfilled.

Charles sixth title defense will be telecast and broadcast.

The 29-year-old champion wound up his boxing preparations yesterday with a flashy four-round workout. He looked fast and fit when he completed his fourth and last round.

Asked if he planned to go for a knockout, Ezzard said "I'm going out to win. If I can knock him out, I'll do it. I'll see what happens in there."

Charles has made no special effort in training to cope with Oma's puzzling style. The Buffalo scrapper fights with his hands down and walks away from opponents in a style somewhat similar to that of Jersey Joe Walcott, who was beaten by Charles.

Plenty Of Action In Prospect For Y League Tonight

Four teams will be making competition keen in the Y City League tonight, when the New Process meets the Ramblers at 7 o'clock and the Youngsville Merchants tangle with Atlantic at 8.

New Process has been tasting defeat for their last four games and will be out to dump the Ramblers. Such a victory would still leave them in last place, but would put the Ramblers in the cellar with them. However, if the Ramblers (2-5) win, they will take over the fourth position and leave the Rockets in fifth.

In their first meeting, the initial game of the season for both teams, the Ramblers took a 44-38 triumph.

A victory for Youngsville tonight would dump the Atlantic five into third place and shift the Merchants to second. Such a win would be the biggest change in standings so far this year and would avenge the earlier 46-37 licking handed Youngsville by Atlantic.

680 Series Posted On Elk Club Lanes

Fred Baldensperger soared high into the scoring ozone in Elks Club tenpin League competition, and came within 20 pins of the charmed three-game 700 ring. Rolling for the Farr's Sports Shop team, Fred opened with a blazing 231, and continued his hot pace with games of 223 and 226 for a thumping 680 total.

His nearest rival for scoring honors last night was V. Anderson, of the A. and B. Appliance team with a 201-163-205—569.

SPORTS ROUNDUP

By HUGH FULLERTON, JR.

Dallas, Jan. 11—(AP)—Latest hot one from the NCAA rumor market is that Fritz Crisler, ex-coach and Michigan athletic director, is in line for the presidency of that university when the present incumbent, Alexander Grant Ruthven, retires in the near future. . . . It's certain that Fritz is smart enough for the job and that he's had enough education, even if he doesn't hold the usual number of honorary degrees. . . . And one of the best laughs from this hotbed of rumors about sanity code fireworks is that two athletic directors from the original "saintly seven," rooming together more or less by accident, have as their near neighbor Dr. Clarence P. Houston, chairman of the compliance committee. . . . And, just to confuse the issue about the political lineup on this "sanity" business, the representative of staid old Yale, Bob Hall, says he's going to suggest that the NCAA drop the whole idea of enforcement. . . . "It will just make it worse if they have rules that will let schools do almost anything and if they can't enforce them," says Bob. . . . And Southern "insider" comes out with

AN ICE TRY—Kent Krumm looks more like a baseball player stealing a base than a speed skidding in third in the 440-yard race for juveniles during the championships sponsored by the Northwest Sportsmen Club in Chicago. Young Krumm led most of the way.

the flat prediction that it's going to be settled just that way.

Relatively Speaking

Henry Lamar, Harvard freshman football coach and boxing tutor, will double in brass by speaking to Harvard alumni clubs through the southwest while he's here for the football coaches convention. . . . What makes that unusual is that Henry is a grand nephew of Mirabeau Bonaparte Lamar, second president of Texas and founder of the state's great educational system. . . .

P. S.—Lamar probably hopes his alumni groups don't encounter the same difficulty a few Yale grads faced calmly at a recent Oklahoma jamboree. . . . Herman Hickman, the rotund Eli coach, was one of the speakers and a table had been set up for old blues with a big 'Yale' sign. . . . One gent sat down there, looked around and remarked: 'Say, I don't recognize any of you fellers, did you just move to town?' . . . Receiving a negative reply, he continued, 'Well, maybe I know your pappys'. . . . The Elis introduced themselves

without a spark of recognition in return and finally the interloper exclaimed: 'Oh, this is for Yale college. I thought it was for folks from Yale, Oklahoma.'

Interesting Program Is Announced For Scouters Recognition Dinner January 27

Announcements are in the mails for the annual "Recognition Dinner" of the Warren County Council Boy Scouts of America, to be held at the YWCA activities building Saturday evening, January 27, at six o'clock.

The feature part of the program in addition to unit leader recognitions and Silver Beaver awards will be an address by Eddie Allen, famed chief of police of Youngstown, Ohio. LeRoy Schneck, of radio station WNAE, will be master of ceremonies.

Ceremonies will be staged by the following Troop units: East street PTA Pack No. 48, Don Taft cubmaster; Elks Lodge Troop No. 3, Don Lauffer scoutmaster, and First Lutheran Explorer Post No. 12, James Keller, post advisor.

W. L. Wehner is chairman of the committee which is composed of Cecil Winans, Carl Rogers, Byron Knapp, Ivan S. Brumagim, Don Zaprowski, Ed Lowrey, Dr. Carl Whipple, Roger Hendrickson and Rut Sanford, Boy Scout executive.

Tickets for the affair are now in the hands of the unit chairmen. Since the reservations will be limited to 200 Scouters and their ladies it is important that all those planning to attend secure tickets as early as possible.

Field And Stream Club Aiming For 3000-Man Roster

Warren Field and Stream Club, already one of the largest organizations of its kind in the state, is setting its sights on a membership roster of 3000 sportsmen for 1951.

This was disclosed by Membership Chairman John Schuler at a club meeting in Irvindale School, which was attended by more than 400 members. Schuler said the club's roster for 1950 listed 2250 members.

Club members also heard reports on the game kill and stocking programs from Temple Reynolds, division supervisor of the Game Commission, and Dave Titus and Bill Overturf, local game protectors.

They reported 984 rabbits have been stocked so far this season in Warren county, and that the program of trapping live rabbits in town areas and releasing them in the wilds where there is cover is in full swing. This program has the dual purpose of taking the cottontails out of town where they do garden damage in the summer and providing a native brood stock for areas open to hunting.

The club also is cooperating in the rabbit-stocking program, and expects a large shipment from out of the state to arrive here late this month or early in February.

The sportsmen have adopted a "wait and see" attitude concerning the success of their ringneck pheasant raising program was this year. A total of 237 pheasants was raised in club pens, and later released in areas open to hunting.

All of the birds were banded, with instructions that the band should be mailed to the club. Only 14 of the bands were returned, so club members now are wondering whether the remaining birds are still alive or whether they failed to survive after being turned loose.

Predators also came in for a good share of attention, with club members voting to pay a \$4 bounty on Great Horned Owls during the first 10 months of 1951 and a \$2 bounty on Great Horned Owl fledglings. The state also pays a \$5 bounty on these birds. It was pointed out that the Great Horned Owl is considered the worst enemy of the wild turkey.

Dauphin Co. Jury Clears Driver In McIntyre Fatalities

The 19-year-old truck driver, charged with involuntary manslaughter in the death of four persons, three of them former residents of this section, was cleared by a Dauphin county jury in Harrisburg after deliberating eight hours.

Frank J. Najdek, Harrisburg, the driver, was charged with driving the tractor-trailer which jumped the center strip of a four-lane highway last November 22, killing all four occupants of a car driven by Rev. Guy McIntyre, 50, of Richville in Washington county.

In addition to the nunster, who several years ago had charge of the Blue Eye Wesleyan church, the victims were his wife, 45, their son, John, 16, and Shirley Ann Carpenter, 16, of Daisytown in Washington county.

James M. Quigley, counsel for Najdek, argued that a mechanical defect caused the accident. He said if anyone was negligent it was the original driver for turning the vehicle over to Najdek when he knew it was faulty.

Najdek told the jury that he had not driven a tractor-trailer before and volunteered after the regular driver stopped to nap so that he could get home on time.

DEFENSE MEETINGS IN RURAL COMMUNITIES

Organization throughout the county of civilian defense units is going forward as preliminary meetings are being held this week and next in a number of rural areas.

P. C. Ostergard, assistant deputy coordinator in charge of townships, conducted preliminary sessions this week in Sugar Grove, North Warren, and Tidoute, and will hold similar meetings in other communities next week.

In about ten days each of these communities will have a general meeting open to the public for the purpose of completing the organizations.
